Director's Corner

Rev. Dr. Christopher T. Curry

The year of 2026 is swiftly passing us by. First, we apologize for the closures, in the month of January, due to inclement weather. Our overarching goal is to ensure the safety and wellbeing of both, our children and staff. In addition to the new on-site fieldtrips and our Parent/Scholar literacy program that we have instituted this year, we are adding our own library that will be a resource and stop internally for our scholars to visit while they are at the academy, on campus. This by no means means that you should not visit the free library in your community. We are simply trying to make our children independent learners as we are preparing them for primary school.

Once and again and always, we feel so honored and special that you have chosen Ezion as the place for your child's early learning foundation to be commenced. Our promise is, and has always been, to provide the most quality early foundational education, at the most reasonable price. This will level the playing-field to ensure that all children will have access to educational excellence. Within the next few weeks, you will be given a survey to assess how we are doing. We are always open to ensuring that we are delivering on our promise. As usual, feel free to drop me an email (pastor@ezionfairchurch.org), call me directly (302.651.9347), or drop by my office to discuss any issues that you may have.
